The screenshot shows the Archive3D website interface. At the top left is the 'Archive3D' logo and a 'Google™ Custom Search' bar. A search box with the text 'Search' is on the top right. The main heading is '3d character models' in blue, with a subtext 'We have tons of 3D character models ready for download.' and a right-pointing arrow. Below this is a featured item: a 3D model of a lamp. The model is a modern, cylindrical lamp with a mesh-like shade and a square base. To the right of the image, the text reads: 'Lamp 3D Model', 'Category: "Flos Ktribe Soft lamp" - Luminaires and lighting solution', 'Size: 1.56MB', 'Downloads: 648', 'Added by: Kurtzman', 'Resource: Free 3d models', 'Additional Info: Lamp - 3D model (*.gsm+*.3ds) for interior 3d visualization.', and 'Tags: Lamp, table lamp, reading lamp'. Below the text are two buttons: a blue 'DOWNLOAD' button with a cloud icon and a green 'ADD 3D MODEL' button. At the bottom of the featured item is the text 'G2 Architectural Graphics' and another right-pointing arrow. On the far right, there is a vertical navigation menu with categories: 'Furn', 'Beds', 'Chair', 'Cabin', 'Lamp', 'Mirro', 'Firep', 'Sanit', 'Deco', 'Toys', 'Mark', 'Musik', 'Tool', 'Clock', 'Book', 'Equ', 'Clima', 'Spor', 'Indu', 'Com', 'Office', 'Hom', 'Educ', 'equip', and 'Peo'. The screenshot shows a software dialog box titled 'Korpus Ornement'. It has a standard Windows-style title bar with a close button (X) in the top right corner. The dialog contains three text input fields: 'Ornement naam =', 'Ornement kommentaar =', and 'Ornement voorstelling ='. The 'Ornement naam' field is populated with the file path 'S:\SV\downloads\3d modellen\Lamp N230913.Ort' and has a file selection button (three dots) to its right. To the right of the 'Ornement naam' field are two buttons: 'Bewerken ...' and 'OK'. Below the 'Ornement voorstelling' field is a 'Download' button. To the right of the 'Ornement voorstelling' field is an 'Annuleer' button.
